Congressman Charles C. Diggs, Jr., (Democrat - Michigan) requested the Director's comments on an article appearing in the April 7, 1971, edition of the New York Times (The Congressman's letter of April 15, 1971, and a copy of the article in question is attached). This is to recommend that the attached letter be forwarded to the Congressman in response to his inquiry.

The article in question captioned "Stolen Files Show FBI Seeks Black Informants" deals with various documents stolen from the Media, Pennsylvania, Resident Agency. The article covers not only black informants but among others the East Coast Conspiracy Case and other New Left and gambling activity. It mentions a number of areas including organizations in the black ghettos of Philadelphia singled out for surveillances. All of the documents mentioned have been previously compromised and have been the subjects of write-ups.

In the attached letter we point out to the Congressman that the conduct of the FBI has been spelled out in the Director's testimony before the House Subcommittee on Appropriations for many years and that such testimony outlines our operations and accomplishments in both the internal security and criminal fields. We further point out that beyond this testimony it is not possible to comment upon our operations.

We have had limited prior correspondence with Congressman Diggs the last being November 21, 1967

PH 52-7165

A further review of this document by the Philadelphia Division disclosed the following examples of key phrases, significant words, and alliteration, which may be useful in your analysis:

1. Select use of word "that."
Used four times in document
when not needed, but not used
with careless degree of frequency.
2. Word "whom" used two times.
When used in fourth sentence from
end of document, word "who"
corrected to word "whom."
3. Nature and extent.
4. More just, humane and peaceful society.
5. Poor and powerless (alliteration).
6. Cause great damage.
7. War profiteering.
8. Monopolistic practices.
9. Institutional racism.
10. Courage and commitment (alliteration).
11. Democratic values,
democratic scrutiny,
democratic society,
undemocratic social,
democratic trust.

PH 52-7165

12. The word "guise."
(Spelling corrected).
13. Cliques.
14. Evilness, egotism or senility.
15. Political institutions.
16. Open society (used two times),
open and public judgment.
17. Not wage nor threaten.
(Used incorrectly).
18. Humane and material resources.
19. Justice rather than fear.
20. To secure obedience.
21. Order of justice.
22. Legal jeopardy,
in jeopardy,
own jeopardy.
23. Keenly. (Spelling corrected.
word used infrequently).
24. Loving and serving them.
(References to love used frequently
by groups in Leftist field but
rarely expressed in this manner).
25. All the people of this land.

The above represent possible suggestions to assist in scrutinizing the document in question, and similar observations from recipient offices are requested.

PH 52-7165

Philadelphia's review of this document disclosed a lack of usage of "hard terms" frequently used by groups involved in radical activity in the past. It was particularly noted that no such words as radical, imperialistic, exploitation, racists, oppressive, etc., were used, even though such words are frequently found in documents reviewed by Philadelphia originating with radical-type groups engaged in similar activity. A few words, such as provocateurs, entrapment, intimidation, repression, tyranny, were used by the unsubs and are often found in similar type releases.

II. ACTIVITIES

RESIST

On November 23, 1970, BS T-5 made available a pamphlet which he had received from RESIST during November, 1970. According to this pamphlet the National Office of RESIST is located in Cambridge, Massachusetts, and is staffed by four full time workers who receive subsistence wages. A volunteer steering committee meets monthly. Eight "area people" also volunteers, keep in touch with RESIST's national network of local contacts, through whom local efforts can be assessed and assisted and from whom information is obtained for circulation through the newsletter.

In this pamphlet it is further set out that [redacted] includes [redacted]

On November 23, 1970, BS T-5 also provided a second pamphlet he had received from RESIST during November, 1970, which is entitled, "A New Call To RESIST Illegitimate Authority". In this pamphlet it is stated that "We support those who resist by refusing to register for the draft or submit to induction; impeding the operations of draft boards and induction centers; expressing anti-war views while in the armed forces, or absenting themselves without leave; conducting rent and workers' strikes, boycotts, and similar direct actions aimed at ending exploitation in the fields, in factories, in housing; organizing against harrassment by police, by the FBI, by the courts, and by Congress; organizing sit-ins, strikes, and any principled actions at schools and universities, to end racist practices and direct complicity with militarism".

In the second pamphlet it is further set out that "In reversing the convictions of the Boston Four, the First Circuit Court of Appeals let open the possibility that signing the original call to RESIST or this New Call could, in conjunction with other acts, be viewed as illegal. We believe it is the government's actions, not ours, which are illegal. However, signers and contributors should be aware that their actions might be found illegal.

On the second pamphlet, it is further stated that among the list of signers was [redacted]

BS 100-36384

On November 23, 1970, BS T-5 furnished a letter dated October 15, 1970, which he had received from RESIST during November, 1970. Among those signing this letter were [redacted] and BENJAMIN SPOCK, M.D. In this letter it states that RESIST has funded over 300 different groups in all parts of the country, including the New England Free Press as well as GI Coffeehouses in the United States and Europe.

The above letter goes on to say "We hope you will pledge a monthly amount to RESIT. Although we can make excellent use of one-shot contributions of \$5, \$50, or \$500, what we really need are steady monthly pledges of \$1, \$10, \$25, or whatever you can afford. The money RESIST provides goes a long way in movement organizing so that even the smallest pledges can help achieve real change".

b6
b7C

New England Free Press

In June, 1968, the New England Free Press published a Boston directory identifying a number of New Left organizations. In this directory New England Free Press was identified as follows: "A center for broad spectrum of political activity in the Boston area. The Free Press publishes the Paper Tiger (now defunct), offers a low-cost printing service for other groups, distributes articles for RESIST, Resistance, BDRG, Pacem, etc., distributes articles for the radical education project, reprints and sells articles from other sources and prepares pamphlets on its own"...

On October 15, 1969, at Philadelphia, Pennsylvania, in connection with the Vietnam Moratorium sponsored by the Vietnam Moratorium Committee (VMC), [redacted] according to BS T-6

BS 100-36384

spoke at a rally at Temple University, Philadelphia, Pennsylvania, against the war in Vietnam. On the same day Special Agents of the Federal Bureau of Investigation observed [redacted]

[redacted] speaker at a gathering sponsored by the Philadelphia Resistance Rally and Draft Card Turn In. [redacted] stated that the entire war is nothing more than an insanely foolish cover-up by the United States Government. He noted that the people in attendance might think that they have a say in the government's policy by virtue of their votes. However, he stated that you really cannot vote the rascals out because you never really voted them in. The country is run by the Electoral College and the public has absolutely no say in the government. [redacted] described the military effort in Vietnam as insane. He noted that when a U.S. platoon goes into a South Vietnamese village they will find that perhaps 80 percent of the villagers will be pro Viet Cong. When the platoon leaves the village after indiscriminately killing some villagers because they were suspects, 95 percent of the villagers will be pro Viet Cong. 4

In July, 1970, BS T-7 made available a letter dated July 20, 1970, and signed by [redacted] and an enclosure stating responsibility for destruction of Selective Service files at Local Draft Boards 1 and 2 in Dover and Georgetown, Delaware was accepted by the Second Conspiracy to Find America. The letter reflects that [redacted] and others are taking it upon themselves to circulate and seek signatures for that statement of collective responsibility.

On April 3, 1968, Agents of the Federal Bureau of Investigation observed a rally sponsored

BS 100-36384

by the New England Resistance. The rally began at approximately 11 a.m. at the Boston Common, Boston, Massachusetts. Included among the speakers at the rally all of whom spoke in opposition to the war in Vietnam and the draft, was [REDACTED]

APPENDIX

1. BLACK PANTHER PARTY (BPP)
also known as
Black Panther Party for Self Defense

According to the official newspaper of the BPP, the BPP was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called, "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere."

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 15, 1969, said, "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

BLACK PANTHER PARTY (BPP)
also known as
Black Panther Party for Self Defense

In the issue of April 25, 1970, the BPP newspaper had an article by Minister of Culture EMORY DOUGLAS as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is ...by taking up arms against this government, killing the officials, until the reactionary forces...are dead, and those that are left turn their weapons on their superiors, thereby passing revolutionary judgment against the number one enemy of all mankind, the racist U. S. government."

4

The BPP Headquarters is located at 1046 Peralta Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the USA.

APPENDIX

1.

STUDENTS FOR A DEMOCRATIC SOCIETY

Students for a Democratic Society, commonly known as SDS, came into existence at a founding convention held during June, 1962, at Port Huron, Michigan. From an initial posture of "participatory democracy," Marxist-Leninist ideology of various shadings became predominant during 1968-1969 with debate centering on how best to create a revolutionary youth movement. SDS moved from involvement in the civil rights struggle to an anti-Vietnam war position to advocacy of a militant anti-imperialist line linking up the oppressed peoples of Asia, Africa and Latin America with the black liberation movement in the United States. All major factions within SDS embrace Marxism-Leninism and identify internationally with China, Cuba and North Vietnam as countries leading the worldwide struggles against the United States. However, the Soviet Union was regarded as imperialist and with the Communist Party, United States of America, "revisionist" in nature. 4

SDS operated under a national constitution which called for an annual National Convention (NC) and quarterly National Council meetings wherein programs were initiated and debated. Three national officers were elected annually with a National Interim Committee to run the organization. Regional offices and college chapters elected delegates to the national meetings but each functioned independently on local matters. Its official publication "Fire" (formerly "New Left Notes") last appeared in December, 1969.

Internal factionalism of serious proportions developed during 1968-1969 and the following three factions evolved as a result of a split at the June, 1969, NC: Weatherman, Worker Student Alliance (WSA), and Revolutionary Youth Movement (RYM). The effect of the split on SDS chapters throughout the country was divisive. Some aligned with one or the other of the three major factions. Others, unable to identify with any faction, disassociated with SDS completely and changed names.

The SDS national office in recent years was located at 1608 West Madison Street, Chicago, Illinois. It was closed in February, 1970.

~~CONFIDENTIAL~~

2.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Weatherman and RYM groups no longer consider themselves associated with SDS, and the WSA group refers to itself as the true SDS.

removed & filed in assessment brief 4/26/71 DA
Attached for inclusion in running damage assessment brief (pages 195-196) is write-up on one document pertaining to work of Domestic Intelligence Division recently identified as stolen from Media Resident Agency.

"The Washington Post," 4/12/71, reported in headline that "FBI Files Reveal Relatives Used As Informants." Just preceding headline was phrase "Sometimes Without Their Knowledge." Ensuing article noted "Post" received additional documents stolen from Media, one of which reported results of "pretext telephone call" made to mother of subject. No names mentioned. Philadelphia Division advised based on contents of article, stolen document identified as one-page rough draft letter on case [REDACTED] Security Matter-Young Socialist Alliance." Letter set out results of contact with credit bureau, local police, and results of pretext telephone call made to subject's mother on 11/20/70. Pretext used was also noted. Leads were set out for Cincinnati Division to review school records and for Philadelphia Division to contact established sources and informants.

We had developed information that subject may have been connected with Young Socialist Alliance, youth arm of Trotskyist Socialist Workers Party. We conducted discreet inquiry into subject's background and when no additional substantive information developed, case was closed. The main damage involved in publicity given document is not so much surfacing technique of use of pretext, interview but rather in the distorted manner in which press publicized this technique. Once again, the "Post" has run true to form in their biased and misleading reporting on the stolen Media documents.

FROM: SAC, NEW HAVEN (52-1972)

While in Stamford, Conn., today an acquaintance from the Xerox Company asked if I would see Mr. C. PETER McCOLLOUGH, President of the company. I called on him at his office. He was very cordial and expressed concern over the mishandling of a request of this Bureau by officials of his company. He indicated that this first came to his attention when he received a telegram criticizing him for not cooperating with the FBI, which caused him to demand explanations and to be extremely disturbed about the lack of communication within his own company and the actions taken. He said the Bureau had requested samples from various Xerox machines and that they were going to get them; the machines were theirs; the employees were theirs and they could take the samples without any cost to customers, and that he didn't care a damn what anybody thought about it.

He said that actually he wished the Bureau had initiated the request at a higher level in the company, but that that was no excuse for the level where it was made as they should have known enough to alert their headquarters. He did suggest that in the future if we had major requests they be initiated through Xerox headquarters in Stamford, Conn., either with himself or with one of the officials of the company. He said _____ was the man who coordinates such requests normally. Mr. McCOLLOUGH said he had intended to phone Mr. Hoover when he learned of this matter and still intends to communicate with him to assure him of his cooperation.

Enclosed for Philadelphia is Xerox customer list for Xerox 2400 machines.

On 4/22/71, [redacted] Legal Department, Xerox Corp., Rochester, N. Y., furnished a customer list for Xerox 2400 machines in the Philadelphia area. He stated this list includes the Pennsylvania counties of Bucks, Chester, Delaware, Montgomery, and Philadelphia and New Jersey counties of Burlington, Camden, and Gloucester. He stated the list is two parts: the Customer Information Survey (CIS) and Inventory Maintenance List (IML). Each customer is listed by state, county, and city in the CIS and the IML indicates the amount of 2400 machines each customer has. Also included is the list of Xerox 2400 IV, this machine is the same as the 2400 but is used in connection with Data Processing machines. This machine reduces computer print out sheets to 8½" x 11" copies.

[redacted] advised this list must be returned upon completion.

Re: MEDBURG
(JOHN PETER GRADY)

FBI File No. 52-94527

Lab. No. D-710426140 LC

Specimens received 4/26/71

Kc4374 Photocopies of the following documents bear handwriting
and/or hand printing of JOHN PETER GRADY:

Identification Record form

Letter dated 2/8/45 (two-page)

Statement of Person Losing Identification or
Liberty Card form dated 1/22/45

Confidential Form for all Personnel (two-page)

Letter dated 2/6/42

Application form dated 11/20/48

Page 2 of Selective Service form

Statement form dated 11/4/43

Notice of Separation From U. S. Naval Service form

Shipping Articles form dated 11/4/43

Result of examination:

The hand printing, Kc4374, is not sufficiently recent
to reflect the current hand printing characteristics of the writer.
Therefore, it could not be determined whether Q48 and Q49 in the
instant case, or the questioned material in the EASTCON case, was
or was not prepared by the writer of Kc4374.

The submitted evidence is retained at the Bureau.

Result of examination:

The typewriter impressions on Q185 most closely resemble the Laboratory standards for Royal elite style of type which prints twelve characters per inch. No watermarks, indented writing of value, or other marks which would indicate the immediate source of this material were noted on Q185.

Result of examination:

Specimens Q170, Q174, Q175 and Q182 were the only documents among those submitted that were stapled.

The staples in Q170 and Q175 were identified stapled with the same stapler.

The staple in Q174 and the staple in Q182 were stapled with different staplers and neither was stapled with the stapler that stapled Q170 and Q175.

All four staples are round wire staples with chisel point ends like the Swingline No. 3 and No. 4 Speedpoint type. The only staples of this type previously submitted were Q116 and Q120. The Q116 and Q120 staples were not stapled with the same staplers used to staple Q170, Q174, Q175 and Q182.

Document reveals how FBI tried to recruit international civil servant

By Michael Kenney
Globe Staff

The FBI attempted to recruit an official of the Inter-American Development Bank to act as a "double agent" inside the Cuban Mission to the United Nations, according to a document stolen during the March 8 raid on the Bureau's Media, Pa., office.

The official, Gasto M. Ferragut, is a 57-year-old agricultural economist and an anti-Castro Cuban refugee. He said yesterday that he would be "happy to help any action that would clean my country of its political situation," but as an employee of an international organization, he would be "obliged not to interfere in any kind of politics."

A four-page report on a February, 1970, FBI interview with Ferragut—apparently an original—was included in a packet of documents received from the Citizens Commission to Investigate the FBI, the group which has claimed responsibility for the Media raid.

The report was to be regarded as confidential so as not to reveal that the FBI was investigating an employee of an international organization.

Two agents conducted the interview in Washington and the report was from the special agent in charge of the Washington

Field Office to FBI Director J. Edgar Hoover.

The agents said Ferragut gave indications that he would notify the Bureau if he was ever contacted by Cuban representatives and would also cooperate in anti-Castro activities. They noted, however, that Ferragut could not think of any way he could establish contact with the Cuban UN Mission without arousing suspicion.

The report recommended that further investigations be made on Ferragut's family and background to see if he could be effectively used as a double agent.

Ferragut said he did not initiate the FBI interview, nor has he been contacted by the Bureau since the original interview.

He said he recalled the interview, but said the idea of being a double agent "looks funny to me." He said he has no contacts at the Cuban UN Mission and has not been contacted by any Cuban officials.

Ferragut, who lives in the Washington suburb of Chevy Chase, Md., was working for the United Nations as an agricultural economist in South America when Fidel Castro came to power in 1959. He was subsequently recruited by the Inter-American Development Bank. Cuba is not a member of the bank.

According to the report of the FBI interview, Ferragut, first came to the Bu-

reau's attention in 1955 through a lieutenant in the Cuban Military Intelligence Service. The lieutenant told an FBI agent in Havana of an investigation he had completed on Ferragut.

That investigation, Ferragut explained, had cleared him of allegations that he was a member of the Communist Party in the early 1940s while in the United States on a Department of Agriculture fellowship.

The FBI report recommended that the Central Intelligence Agency be checked for information regarding Ferragut's relatives still in Cuba. It was also recommended that files on Ferragut's relatives in the United States be checked.

The Citizens Commission to Investigate the FBI did not explain why it had distributed the original of one of the Media documents. It is actually a photocopy, punched at the top for a two-hole binder and on the first page bears an FBI date stamp in purple ink. There are several pencilled notations at the bottom of the first page.

"Your letters to [REDACTED] are great! and I'm sure you two do each other alot of good. As a matter of fact, it does us all good to know you are up there being human.

"Your comments about whether we shouldn't have tried harder to communicate with the matrons at the county jail are certainly in accord with my general "philosophy" (I'm not sure my hodge-podge thoughts deserve to be dignified by that title). Unfortunately, however, it will take someone with a far greater spiritual gift than I've got to reach them at this stage of their unhappy development. The police here leave open more possibilities. The hardest part (for me, anyway) is helping them see us as individual. Not only do they tend to lump all prisoners here together (which is understandable, even though it is unacceptable), but they also consistently lump [REDACTED] Very discouraging.

"I don't think I ever thanked you for arranging that phone call from [REDACTED]. It was a very strong support at a very low time. And I have to admit that it was one good thing you-as-agent could do that you-as-person couldn't have. The matrons hold your organization in considerable awe.

Knowing my present situation (or should I say, location?), you are probably not surprised to hear that prison reform interests me somewhat less than prison abolition. But I'm not completely fanatical about the subject and will greatly hail any real reforms anyone cares to inaugurate.

"Speaking of prisons, whoever was responsible for packing me off to Niantic should know that's not the place to send young innocents or isn't that quite what they had in mind with me? I haven't any idea whom to thank for my transfer, but if I ever find out I intend to crochet her/him/them a scarf, offer up prayers for their souls on alternate Thursdays and have a dozen long-stemmed roses delivered to their door.

"I understand your reservations about the Media action. But the people have handled it very well so far, don't you think? They seem to have (thank God) a strong moral concern for the continued well-being of the undercover agents as people. I'm really sort of glad we didn't manage to get away with your offices records. Its a very very heavy responsibility to undertake.

"Well, Fall has always been my favorite season. This year especially. I just hope my anticipation of it won't keep me from getting something constructive done in the meantime. And I also hope you find time and energy to keep writing to Suzi. She enjoys your letters so much, and they are so encouraging to all of us.

**BURGLARY OF FBI RESIDENT AGENCY
MEDIA, PENNSYLVANIA, MARCH 8, 1971
THEFT OF GOVERNMENT PROPERTY**

This is in reference to my letter of April 29, 1971, wherein it was indicated an announcement had been made by the Citizens Commission to Investigate the FBI that representatives of that group would at 7:00 p.m., April 29, 1971, during a public meeting scheduled to take place at the St. Stephen and Incarnation Church, Washington, D. C., discuss the burglary of the Media Resident Agency and apparently take credit for that incident.

In a discussion with Mr. Kevin T. Maroney, Deputy Assistant Attorney General, Internal Security Division, on April 29, 1971, Mr. Maroney indicated that should one, two, or a small group of individuals stand up at the meeting and publicly and voluntarily announce they did break into the Media, Pennsylvania, Resident Agency and steal FBI documents, such would constitute grounds for immediate arrest for theft of Government property. If, however, 20 or 30 or more individuals stood up, all claiming credit for the burglary, no arrest action could, of course, be taken. Mr. Maroney indicated this decision had been reached in discussion with Assistant Attorney General Robert C. Mardian, Internal Security Division.

The meeting was afforded extensive coverage by Special Agents of our Washington Field Office. It commenced at approximately 8:00 p.m. with an estimated 75 persons in attendance. During the course of the meeting it was announced that information had been received from the Citizens Commission to Investigate the FBI to the effect that the Commission was not going through with its plans since the Commission believed the meeting was to be covered by the FBI and police authorities. The meeting concluded at 9:30 p.m.

With reference to the situation involving the planned surfacing of members of the so called Citizens Commission to Investigate the FBI at 7:00 p.m. today at the St. Stephen and Incarnation Church, Washington, D. C., and in line with our memorandum to the Attorney General earlier today, discussion was had with Deputy Assistant Attorney General, Internal Security Division, Kevin T. Maroney.

Mr. Maroney indicated that should individuals make a clear and voluntary admission of guilt with respect to the Media burglary such would constitute sufficient cause for arrest on the charge of Theft of Government Property. He acknowledged, however, that circumstances could be such that arrest by the FBI would not be a practical course of action, it being noted several hundred individuals could be in attendance.

REC 8

52-94527-1344

Maroney considered the possibility of serving those making such admission with a subpoena. Again, he acknowledged this could pose a problem since the subpoena would have to be served immediately after their admission of guilt and possibly in the presence of several hundred spectators, all sympathetic to their cause. Since police reports indicated two individuals making such admission would be masked, Mr. Maroney was queried as to whether serving of a subpoena would allow the officer to unmask the individual. He indicated this could not be done and obviously a subpoena served under these circumstances would have little value since the identity of the recipient would be unknown. Mr. Maroney advised that he would take this matter under immediate consideration and contact the Bureau early the afternoon of 4/29/71.

MAY 4 1971

ACTION: For information. This matter is being pursued with the Department and in the meantime instructions have been issued to WFO HAS:bkc to afford the situation complete coverage in the event it is necessary we take action against individuals admitting the Media burglary.

Memorandum to Mr. Sullivan
Re: MEDBURG

ADDENDUM: 4/29/71 WCS:ige

This memorandum notes that there is sufficient cause for the arrest of any individuals who get up at St. Stephen and Incarnation Church tonight and state that they are the ones who committed the crime of breaking into the FBI Resident Agency at Media, Pennsylvania, and stealing the documents. This memorandum also points out the problems which might be involved in making the arrests.

Of course there might be problems involved, but I think we have to proceed prudently but aggressively and make every effort to arrest any individuals who publicly proclaim that they committed the crime of burglary and theft of FBI documents. If we do not do this, we could very well become the laughingstock of the country. This matter will be followed very closely with the Department and Washington Field Office.

II ACTIVITIES

On November 8, 1969, the Selective Service files of Local Boards 31, 32, 33, 34, 35, and 151, at four locations in Boston, Massachusetts, were vandalized and destroyed.

A mimeographed statement left at the Local Boards by the "Boston Eight" read as follows:

The following is the statement of the Boston 8, left at each draft board:

"We claim responsibility for this offense to good taste and to law and order. This is our work at Jamaica Plain, Dudley Street, Uphams Corner and Copley Square. By it, we make ourselves responsible for our lives, and for the lives of our brothers.

[REDACTED]

"We are eight Americans who have exhausted 'legitimate dissent' - marches, letters, conferences with officialdom, speeches against the war, against capitalist materialism, against military control. All to no avail, all hopeless to effect just change."

"We will now fashion hope with our bodies - as free people must do. We oppose with our lives exploitative investment abroad, rape of foreign manpower and resources, genocide in Vietnam and Arms Race, environment ruin and domestic racism. And militarism in any form - Selective Service, lottery or volunteer army.

"We attack Selective Service because it illustrates the powerlessness of the young, as well as the arrogance of power. It is to assist the one, and to check the other that we have acted.

"But we insist on moral and non-violent disruption. To us, this kind of civil disobedience is a profound moral and political duty, as necessary to exalt life as to secure the peace. All life and power to the people, justice and freedom to all.

"At an opportune time, we will identify ourselves publicly. Let life prevail!

"The Boston Eight"

On November 15, 1969, at the Reflecting Pool near the Lincoln Memorial, Washington, D.C. a handbill was distributed identifying the "Boston Eight" which included the name of one [REDACTED]

Age [REDACTED] Somerville, Massachusetts, occupied in the Graduate Program at Harvard University, Cambridge, Massachusetts.

The handbill identified the "Boston Eight" as responsible for the destruction of the aforementioned draft board files at Boston, Massachusetts, on November 7, 1969, and it in part stated, "We destroy some of these files today in Washington because we believe the Peace Movement must seriously consider its responsibility to move."

Numerous torn Selective Service material was recovered from the Reflecting Pool indicating that the material was from Local Board 34, Boston, Massachusetts.

On July 3, 1970, BS T-1 advised that a letter entitled "On Communist Infiltration into the American Scene" sent by [REDACTED] to Father Philip Berrigan, at the Lewisburg, Pennsylvania United States Penitentiary reflects in part "The Sat. night thing productive of much confusion. Only clarity being division into regions with liaison person in each. N.Y. elected Forty and [REDACTED] and I are determined to make him pay up. We'll see. Maybe the only way of mobilizing the guy and if it doesn't work he can be changed and ousted. [REDACTED] Phila. - [REDACTED] and I thing [REDACTED] from Boston (not sure) Otherwise - serious limitation of personnel in any group in formation, lessening of distinction between new personnel and those working directly with then i.e. in operation they all constitute the community."

On June 3, 1970, [REDACTED] United States Penitentiary, Lewisburg, Pennsylvania, advised SA [REDACTED] that during a routine search of the cell of Father Philip Berrigan, an inmate there, a handwritten note was located which contained information indicating that Berrigan was setting up a communications system through which he could smuggle out letters to persons on the outside.

Included in the foregoing was the following:

"How's [redacted] anyway? I have suspicions that affairs run the same even tenor with them, but anyway, give them evidence of "solidarity from this kind of prison. (They have their own). Also interested in [redacted]

On December 8, 1969, and July 24, 1970, [redacted] [redacted] was contacted for interview by SA Robert F. Saunders, at Somerville, Massachusetts, and he declined to be interviewed.

Confidential informants acquainted with New Left activities in the Boston area were contacted during November and December, 1970, and January, 1971, but they had no information concerning the subject. U

On April 30, 1971, it was determined under suitable pretext that [redacted] can be located at telephone number [redacted] an office where he frequently works.

Telephone number 353-3677 has been identified on handbill literature anonymously furnished to the Boston Office of the FBI as that of the Defense Committee for Philip Berrigan et al, 211 Bay State Road, Boston, Massachusetts.

In compliance with your instructions, I have exhausted all possibilities in searching for the above mentioned shortage. I have, along with the aid of [redacted] audited the cash as of the close of business 12-28-70 and the opening of business 12-29-70. We have thoroughly checked her work of that day and have contacted every depositor whom she waited on in an effort to locate this difference. We have made an inspection of the adding machine tapes, her teller's area and all transfers. Everything has been unsuccessful.

My only thought at this juncture is to reaffirm the confidence I personally have in [redacted] I feel she is an excellent teller and it is unfortunate that she made an error of this magnitude.

This memo is sent to help clarify further action we have taken to help discover the above mentioned difference. [redacted] waited on [redacted] on that day and the customer had listed \$1,000 cash on the deposit. When [redacted] counted the money she discovered there was \$1500 in cash. She triple checked herself and still came up with \$1500.00. She pointed this out to the customer and the customer changed the deposit ticket to read \$1500. Later, during our check for the difference, this matter was brought up and we immediately contacted [redacted]. She said that the extra \$500 was a carry over from the previous day and she had neglected to mark it down on her deposit slip. We asked her to be absolutely certain and she said she was.

The following day, 12-29-70, we again contacted [redacted]. At this point she said she appreciated our problem but there was nothing she could do. I, then, strongly considered visiting [redacted] in order to present her with the problem and stress the severity of the situation. However, after reviewing the situation, I decided against that action. My reasons for this are as follows.

Mr. & [redacted] have been in this community for considerable time and are regarded as highly respected individuals. Mr. Ahearn has been the Fire Chief of Lenni Heights for over 40 years. Also, they have had their account with Provident since the old days of First National Bank of Media. I felt I could no more than aggravate the situation and spread ill will throughout the community because I felt any further direct action would be construed as an accusation.

I hope I have acted wisely in this matter and would welcome comment from you.

DM [redacted] - LANSDOWNE (2456)

SUBJECT: [redacted] - Account # [redacted]

The captioned savings account, opened through [redacted] on September 14, 1970 with an initial deposit of \$5.00. She obtained Pennsylvania Driver's License [redacted] at the initial opening, and questioned why he was opening an account in this office, living in Southampton. He replied that he was going to attend Community College in Delaware County and was "bopping" around, living with friends and would give us a local address when settled. The reason [redacted] gave him the passbook with an initial deposit of only \$5.00 was that he impressed her as being very clean cut and respectable looking. He gave his address as [redacted] Southampton, saying it was his parent's home.

Just before I called you, I received a call from [redacted] of the Delaware Trust Company in Wilmington, (302-656-2411) stating that he had issued their Treasurer's check on their Dover Branch for \$500.00 payable to [redacted] who lives in California. She has signed an affidavit that she did not endorse the check which was also endorsed by our man, [redacted]. The check is being returned with the affidavit and request for reimbursement.

I followed your instructions and immediately closed the Savings Fund Account. The 25th Charge, together with the Customer's Advice is enclosed herewith. I think you had better get out an alert, as I feel sure this character is going to use that passbook to our disadvantage.
